Università Cattolica del Sacro Cuore

Prof. Giovanni SCAMBIA, Scientific Director, Fondazione Policlinico
Universitario Agostino Gemelli IRCCS

9.15

1st session - Ethical issues at the pre-/post-natal interface

Chairman: Prof. Giovanni SCAMBIA, Prof. Antonio LANZONE

Limit of active resuscitation for extreme premies

Prof. Riccardo PFISTER, Geneva, Switzerland

Pre-/post-natal agreement in clinical strategies and communication

Dr. Anita ROMITI, Rome, Italy

Ethical issues in fetal surgery for life-threatening malformations

Prof. Alexandra BENACHI, Paris, France

Discussion

10.30

2nd session - Inequalities in neonatology: three open questions

Chairman: Prof. Maria Rosaria GUALANO

Is it possible to provide essential neonatal drugs to low/middle income countries?

Linda STORARI, CHIESI Farmaceutici, Parma, Italy

Is it possible to fairly provide palliative care in neonatal intensive care unit?

Dr. Anna ZANIN, Padua, Italy

Do we equally treat all NICU survivors beyond their discharge?

Dr. Joe BRIERLEY, London, UK

Discussion

11.50

Coffee break

12.05

3rd session - Medical and ethical leadership in neonatology

Chairman: Prof. Massimo ANTONELLI, Prof. Fabio MOSCA

Highlighting the need for high competence and training in neonatal critical care

Prof. Daniele DE LUCA, Paris, France

The importance of medical leadership

Prof. Walter RICCIARDI, Rome, Italy

The need for postgraduate ethical training in neonatology

Prof. Laura PALAZZANI, Rome, Italy

Discussion

13.20

Launch break

14.30

4th session - Ethics and neonatal drugs

Chairman: Mgr. Renzo PEGORARO, Dr. Anna ZANIN

Barriers to neonatal drug development

Dr. Federico BIANCO, CHIESI Farmaceutici, Parma, Italy

Pushing neonatal drug development: neonatologists and industry point of view

Dr. Victoria NIKLAS, Oak Hill Bio Ltd (Altrincham, UK)

How to facilitate neonatal research worldwide: a problem touching the globe

Prof. Neena MODI, London, UK

Discussion

15.45

5th session - Ethics and neonatal technology

Chairman: Prof. Daniele DE LUCA, Prof. Maria Luisa DI PIETRO

The bad example of neonatal HFOV ventilators in USA

Prof. Martin KESZLER, Providence-RI, USA

The good example of neonatal extra-corporeal dialysis

Prof. Claudio RONCO, Padua, Italy

Application of Health Technology Assessment in Neonatal Critical Care

Prof. Maria Luisa DI PIETRO, Rome, Italy

Short wrap-up

The Lancet Commission for the Future of Neonatology tries to address these (and other) problems...

Prof. Daniele DE LUCA, Paris, France

Discussion

17.00

Conclusions

Prof. Massimo ANTONELLI, Mgr. Renzo PEGORARO

Monday, 11 December 2023

Sala Italia, Centro Congressi

Università Cattolica del Sacro Cuore

Largo F. Vito 1, Roma

Admission is free.

Online registration is kindly requested
