**GUIDELINES FOR WRITING THE FINAL REPORT ON THE
CURRICULAR INTERNSHIP**

Information on the following points is essential for the evaluation:

1. Brief description of the company where the curricular internship took place.
2. Description of the division/sector within which the curricular internship took place.
3. Identification of the tasks carried out and the competences (professional and relational) that have been acquired during the curricular internship.
4. Summary evaluation of the meaning and experience of the internship in relation to the training path in the chosen degree programme.
